

NLTS2 Update

Winter 2006

We are grateful to so many of you for taking the time over the past few years to talk with us about your experiences. You have shared with us that many of you in the NLTS2 study are beginning to think about or are actively involved in jobs, job training, voc-tech schools, 2- or 4-year colleges, and/or living on your own.

As a small thank-you, we'd like to share some information with you on websites that might be helpful. If you are living with your parents, they might also receive information about these websites, but we thought you might want a copy for yourself as well.

Useful employment and training websites:
