Z_8 (S8)

(Hello, my name is _____. I am calling on behalf of the U.S. Department of Education for a national research study.)

I have some questions about [fill YOUTH] and [fill YOUTH]'s experiences. We've shortened the interview this year, so it will take about 15-25 minutes, depending on YOUTH's experiences.

This interview is voluntary. Everything you say will be kept completely confidential and you may choose not to answer any question that I ask you. As we have done in the past, in addition to asking you questions about YOUTH, we will also be asking you questions about your involvement in programs for families and how to contact you in the future.

Nothing you say will ever be reported individually about you, [YOUTH], or your family.

As with any research study that stores information on computers, there is always a risk that confidentiality may be breached; however, we want to assure you that we make every effort we can to keep your information secure-- for example your name and contact information are kept separate from the information that is collected during this study..

As we mentioned in the letter we sent you, we will be combining the information you give us today with the interviews we conducted with you (and your child) in earlier rounds of this study, so that we have a complete picture of [YOUTH's] experiences over the years. We will be contacting you again in two years for the final interview in this study.

If you have any questions or concerns about the study, I can give you a toll-free number to call. At the end of the interview, I will collect information from you about where to mail the check.

IF ASKED: PROVIDE TOLL-FREE NUMBER 1-866-269-7274

PROVIDE IF ASKED: If the participant has questions about his/her rights as a study participant, he/she can call RTI's Office of Research Protection toll-free at 1-866-214-2043.

IF THE RESPONDENT REFUSES, USE ESC KEY TO RETURN TO THE MENU SCREEN

Z_9 (S9)

If this is a good time to talk, we can start the interview now.

1 = CONTINUE

IF RESPONDENT HESITATES, SAY: Why don't we start and then I can always call back if you need to stop before we finish.

PROVIDE IF ASKED: If the participant has questions about his/her rights as a study participant, he/she can call RTI's Office of Research Protection toll-free at 1-866-214-2043.

IF THE RESPONDENT REFUSES, USE ESC KEY TO RETURN TO THE MENU SCREEN

Z_8_YOUTH

Before we begin, I need to tell you a few things.

Your taking part in the study is completely voluntary, but if you agree, we would like to talk with you. What you say will be kept private and won't be shared with your parent or guardian. If you don't want to answer a question, you can just say "skip that one."

The questions are about what you have been doing in the way of work or school or other things [IF IN HIGH SCHOOL IN PRECEDING WAVE w1grad = 1 or w1cert = 1 : during and since high school], like how you spend your time, how often you see friends, what you expect for the future, and a few question about things like fighting or getting arrested. [IF YOUTH IS AGE 18 OR OLDER ADD: or smoking, or drinking.] If you don't want to answer a question, you can just say "skip that one." The questions should take about 20-30 minutes. At the end of the interview, I will collect information from you about where to mail the check.

As we have done in earlier rounds, we are also going to try to contact your parent to complete a short interview about your experiences too,

SAME CHANGES AS I MADE EARLIER As with any research study that stores information on computers, there is always a risk that confidentiality may be breached; however, we want to assure you that we make every effort we can to keep your information secure-- for example your name and contact information are kept separate from the information that is collected during this study

As we mentioned in the letter we sent you, we will be combining the information you give us today with the interviews we conducted with you (and your parents) in earlier rounds of this study, so that we have a complete picture of your experiences over the years. We will be contacting you again in two years for the final interview in this study.

Can I begin asking you the questions?

Z_8_YOUTHa.

Good. I want to assure you that nothing you say will ever be reported individually about you or your family. If you have any questions or concerns about the study, I can give you a toll-free number to call.

PROVIDE IF ASKED: Respondent can call the study's toll-free number at 1-866-269-7274 with questions about the study. If the participant has questions about his/her rights as a study participant, he/she can also call RTI's Office of Research Protection toll-free at 1-866-214-2043.

I've just mentioned the kinds of questions I'll be asking you. Is this a good time for you to

talk and is this a good place for you to talk? Or would you like to go to a more private room or phone where I could call you back?

YES: (GO TO P1 IN YOUTH INTERVIEW)

NO: I'd like to set a call-back for a time that is more convenient for you. (TI: SUGGEST A TIME AND SET CALLBACK)

CHECK WITH SUPERVISOR SCRIPT (PROBLEM):

CONFIRM THAT YOU ARE TALKING ABOUT THE YOUTH ON THE SAMPLE FILE. IF UNCLEAR, SAY I may have made an error here. Let me check with my supervisor and I will call you back. Thank you. Be sure to code out case and put in the problem queue.

CONDOLENCE SCRIPT: I'm terribly sorry. Please accept our condolences. I'll make sure you aren't contacted by the study again. Thank you. TERMINATE CALL.

TERMINATION SCRIPT: Thank you very much for your time.

New option for Youth refusals (on refusal conversion call with youth only)

Refusal script:

My supervisor asked me to follow-up with you concerning a call that you received from one of our interviewers about a week ago. The call was about a very important study that is being conducted by RTI on behalf of the U.S. Department of Education. I understand that you may have had some concerns about the study that I might be able to address.

IF THE SUBJECT REFUSES, STATE: We respect your decision to not participate in the study. We want to let you know that we plan to contact your parent for an interview. Thank you again for your time.

The NLTS2 research study collects information about the education, work, and life experiences of young people nationwide.
